Key knowledge – What is the climate like in Egypt?

Egypt has a hot desert climate. The climate is extremely dry all over the country except on the northern Mediterranean coast which receives rainfall in winter. Most of Egypt is covered by the Sahara Desert, an empty desert, where no one can live, with almost no rainfall.

The Sahara Desert

Key knowledge – The River Nile

The River Nile is located in Egypt which is a country in the continent of Africa.

It is the longest river in the world and is more than 6,000 km long!

It runs through 11 countries to the Mediterranean Sea.

As it travels north, the river becomes wide and sweeping, but it starts small in the mountains of Ethiopia and Burundi.
