Assessment focus – Evaluate

In simple terms children begin to recognise something of the value of the concept in their own lives and community

Why is it important to look forward?

Key knowledge – Prodigal Son

Once, a son asked his father for his share of money. He left and spent it all. He became very poor and hungry. He went back home, feeling sad and sorry. But his father saw him from far away and ran to him, hugged him, and forgave him. They had a big party to celebrate his return. The father was happy his son was back. The older brother was a little jealous, but the father told him to be happy too. He said, "My son was lost but now he's found!" It's a story about how God loves us no matter what and is always happy when we come back to him, even if we make mistakes.
