Key knowledge – creation stories

Christians believe the God created the Universe.

Day 1 – light was created

Day 2 – the sky was created

Day 3 – dry land, seas, plants and trees were created

Day 4 – the sun, moon and stars were created to give light to the world

Day 5 – creatures that live in the sea and creatures that fly were created

Day 6 – animals that live on the land and finally humans, made in the image of God were created

Day 7 – God finished his work of creation and rested, making the seventh day a special holy day

Most religions have a single creation story. Hinduism has many. This is because for Hindus there is **no single creation**, but periodic cycles of creation. One story is that a lotus flower grew from Lord Vishnu's navel with Brahma sitting on it. After eons of meditation Brahma hears a sound from the depths of the ocean, the sacred 'ohm'. Brahma split the lotus flower into three parts – one became the heavens, the other the sky and the last the Earth.
