

HEADTEACHER MESSAGE

Happy Easter!

Wow! What a strange term we have had. With lockdown, remote learning and coming back into school for four weeks, it definitely has been a time for change. I want to firstly say a big well done to the children for how hard they have worked. Despite all the change, the pupils have coped extremely well and continued to make progress in their learning. They have also adapted well and are demonstrating some great behaviour for learning.

Secondly, I want to say thank you to all the families for supporting the school. We believe that Mason Moor should always be at the heart of the community and that working alongside our families is vital.

Finally, I want to say thank you to all the staff who work here. I have seen the staff do an amazing job in supporting the pupils to settle back into school and ensure that each pupil is cared for and is making progress.

I hope everyone in our community has a relaxing break and we look forward to seeing you all back on Monday 19th April.

CLASS IN FOCUS – Year 3 Sparkes

This week in Sparkes Class we have been enjoying our foundation work. We have been learning about the vital role that bees play in the process of pollination, and what we can do to help to protect them. We have also been having our last lessons in our latest topic - the Ancient Greeks. This has been one of our favourite topics to date - the children have loved learning about the differences between Athens and Sparta, and how their lives would be different if they lived in each of the Greek states. Ask your child to tell you some of the fantastic facts that they have learned, and ask them what happened to a married Athenian women who tried to sneak in to the Olympics! Miss Saunders
