Class information

Dear parents/carers

As we start our new half term, we would like to firstly say how well children across the school have settled back into the school routine.

To further support children and their continued learning we would like to remind parents and carers about some key information:

- Please ensure water bottles come into school every day and are clearly named.
- Bookbags/Backpacks with reading records need to come to school **every day**.
- Please read with your child each day and write in the reading record.
- Library books are changed on a _____.
- If your child has Phonics lessons these books are changed on a Friday.

Should you have any questions please do not hesitate to ask us.

Many thanks

Ms Bauck
Head of School
