

NURTURE

GROW

What are we striving to achieve for our young people?

- Daily Maths and English therapies (taught through a blended and broad curriculum) alongside developmental objectives
- Improving mental health and self-esteem
- Making our pupils WWF (warm, welcoming and friendly)

Everyday we plan for pupils to feel happy, at ease and supported.

- Our aim is for each young person to arrive feeling welcomed and leave feeling accomplished.
- Offering intensive support in a small, highly-personalised provision, in a calm environment.

We train our pupils to become WWF (warm, welcoming and friendly)

- We coach tone of voice
- We practise facial expression
- We train around body language
