Providing Intimate Care

Providing Intimate Care Policy

Approved by: Governing Body

Approval date: November 2025

Last review date: Summer 2025

Contact: Info@masonmoorprimary.co.uk

Next review date: Summer 2026

Approvers signature: GB

In conjunction with Southampton City Council

1. Aims

This policy aims to ensure that:

- Intimate care is carried out properly by staff, in line with any agreed plans
- The dignity, rights and wellbeing of children are safeguarded
- Pupils with intimate care difficulties are not discriminated against, in line with the Equalities Act 2010
- Parents are assured that staff are knowledgeable about intimate care and that the needs of their children are taken into account
- Staff carrying out intimate care work do so within guidelines (i.e. health and safety, manual handling, safeguarding protocols awareness) that protect themselves and the pupils involved

Intimate care refers to any care which involves toileting, washing, changing, touching or carrying out an invasive procedure to children's intimate personal areas.

2. Legislation and statutory guidance

This policy complies with statutory safeguarding guidance and Keeping Children Safe in Education 2025.

3. Role of parents

3.1 Seeking parental permission

For children who need routine or occasional intimate care (e.g., for toileting or toileting accidents), parents will be asked to sign a consent form.

For children whose needs are more complex or who need particular support outside of what's covered in the permission form (if used), an intimate care plan will be created in discussion with parents (see section 3.2 below).

Where there isn't an intimate care plan or parental consent for routine care in place, parental permission will be sought before performing any intimate care procedure.

If the school is unable to get in touch with parents and an intimate care procedure urgently needs to be carried out, the procedure will be carried out to ensure the child is comfortable, and the school will inform parents afterwards.

3.2 Creating an intimate care plan

Where an intimate care plan is required, it will be agreed in discussion between the school, parents, the child (when possible) and any relevant health professionals.

The school will work with parents and take their preferences on board to make the process of intimate care as comfortable as possible, dealing with needs sensitively and appropriately.

Subject to their age and understanding, the preferences of the child will also be taken into account. If there's doubt whether the child is able to make an informed choice, their parents will be consulted.

The plan will be reviewed twice a year, even if no changes are necessary, and updated regularly, as well as whenever there are changes to a pupil's needs.

See appendix 1 for a blank template plan to see what this will cover.

3.3 Sharing information

The school will share information with parents as needed to ensure a consistent approach. It will expect parents to also share relevant information regarding any intimate matters as needed.

4. Role of staff

4.1 Which staff will be responsible

Any roles who may carry out intimate care will have this set out in their job description. This includes: teaching assistants and early years practitioners.

No other staff members can be required to provide intimate care.

All staff at the school who carry out intimate care will have been subject to an enhanced Disclosure and Barring Service (DBS) with a barred list check before appointment, as well as other checks on their employment history.

4.2 How staff will be trained

Staff will receive:

- Training in the specific types of intimate care they undertake
- Regular safeguarding training
- If necessary, manual handling training that enables them to remain safe and for the pupil to have as much participation as is possible

They will be familiar with:

- The control measures set out in risk assessments carried out by the school
- Hygiene and health and safety procedures

They will also be encouraged to seek further advice as needed.

5. Intimate care procedures

5.1 How procedures will happen

The procedure will always be carried out in pairs – no staff member should provide intimate care alone in any circumstance.

When carrying out procedures, the school will provide staff with:

- Protective plastic apron – single use.
- Protective gloves.
- Cleaning supplies.
- Changing mat.

For pupils needing routine intimate care, the school expects parents to provide, when necessary, a good stock (at least a week's worth in advance) of necessary resources, such as nappies, underwear and/or a spare set of clothing.

Any soiled clothing will be contained securely, clearly labelled, and discreetly returned to parents at the end of the day.

5.2 Concerns about safeguarding

If a member of staff carrying out intimate care has concerns about physical changes in a child's appearance (e.g. marks, bruises, soreness), they will report this using the school's safeguarding procedures.

If a child is hurt accidentally or there is an issue when carrying out the procedure, the staff member will report the incident immediately to the Executive Headteacher – Mr Constable-Phelps. This will be recorded on the school's safeguarding management software CPOMS and a discussion will take place immediately with parents/carers.

If a child makes an allegation against a member of staff, the responsibility for intimate care of that child will be given to another member of staff as quickly as possible and the allegation will be investigated according to the school's safeguarding procedures.

- ❖ As part of the school’s safeguarding arrangements, regular EYFS supervision is in place and is undertaken by a senior member of staff who is not directly connected to the nursery or day-to-day EYFS provision. This provides an additional, independent layer of oversight and a safe, professional space for staff to reflect on practice, raise concerns and discuss any safeguarding issues.
- ❖ Supervision sessions enable staff to report worries about children, professional conduct or practice within the nursery or wider school setting, including concerns relating to colleagues, in a structured and supportive way.
- ❖ Any safeguarding concerns identified through supervision are recorded and escalated in line with the school’s safeguarding procedures, ensuring that issues are addressed promptly, appropriately and with due regard to confidentiality and statutory guidance.

5.3 Supporting Intimate Care in The Ark (SEN Unit)

Within The Ark, intimate care is provided in a respectful, planned and consistent manner to ensure the dignity, safety and wellbeing of each child. Where intimate care is required, it is delivered by two members of staff who are known to the child, promoting reassurance, trust and continuity of care. This approach supports safeguarding expectations and ensures that children feel secure and supported throughout the process.

Intimate care takes place within a dedicated toilet and changing area that is used solely by pupils within The Ark. The environment is designed to meet a range of physical and developmental needs and includes appropriate changing facilities and adapted toilets of varying heights, allowing provision to be tailored to individual requirements. Privacy and dignity are prioritised at all times, with care routines carried out sensitively and in line with agreed care plans, risk assessments and parental consent.

6. Monitoring arrangements

This policy will be reviewed by the Headteacher and Chair of Governors (Daniel Constable-Phelps and Amanda Humby). This will take place each summer to enable these leaders to understand any issues or staff concerns that may need addressing. At every review, the policy will be approved by the Chair of Governors.

7. Links with other policies

This policy links to the following policies and procedures:

- Child protection and safeguarding
- SEN
- Supporting pupils with medical conditions

Appendix 1: template intimate care plan

PARENTS/CARERS	
Name of child	
Type of intimate care needed	
How often care will be given	
What training staff will be given	
Where care will take place	
What resources and equipment will be used, and who will provide them	

PARENTS/CARERS	
How procedures will differ if taking place on a trip or outing	
Name of senior member of staff responsible for ensuring care is carried out according to the intimate care plan	
Name of parent or carer	
Relationship to child	
Signature of parent or carer	
Date	
CHILD	
How many members of staff would you like to help?	
Do you mind having a member of staff talk to you when you are being changed or washed?	
Signature of child	
Date	

This plan will be reviewed twice a year.

Next review date:

Appendix 2: template parent/carer consent form

PERMISSION FOR SCHOOL TO PROVIDE INTIMATE CARE	
Name of child	
Date of birth	
Name of parent/carer	
Address	
I give permission for the school to provide appropriate intimate care to my child (e.g. changing soiled clothing, washing and toileting)	<input type="checkbox"/>
I will advise the school of anything that may affect my child's personal care (e.g. if medication changes or if my child has an infection)	<input type="checkbox"/>
I understand the procedures that will be carried out and will contact the school immediately if I have any concerns	<input type="checkbox"/>

PERMISSION FOR SCHOOL TO PROVIDE INTIMATE CARE

I **do not** give consent for my child to be given intimate care (e.g. to be washed and changed if they have a toileting accident).
 Instead, the school will contact me or my emergency contact and I will organise for my child to be given intimate care (e.g. be washed and changed).
 I understand that if the school cannot reach me or my emergency contact if my child needs urgent intimate care, staff will need to provide this for my child, following the school's intimate care policy, to make them comfortable and remove barriers to learning.
